If you have time, do the extra reading.

Read

Read the following chapters:

- **Chapter 10**: Ian Goodfellow, Yoshua Bengio, Aaron Courville, Deep Learning, MIT Press, 2016.
- Understanding LSTM Networks**:** Link
- The unreasonable effectiveness of recurrent neural networks: Link
- Visualizing and Understanding Recurrent Networks: Link

Post-class activity

Complete the exercises in Lab/Tute Notebook.

- Go through the questions and try them yourself. If you need further clarification, you can discuss this with the tutor.
  - Revision Questions: COSC2779_Tute7_tex.pdf
  - Answers: COSC2779_Tute7_ans.pdf
